

*sub*  
*Q2*

1           storing and modifying said at least one signal at a first of said plurality of  
2 receiver stations based on information contained in said at least one signal; and  
3           outputting part of a mass medium program presentation at a second of said  
4 plurality of receiver stations based on said stored and modified at least one signal.

5           21. The method of claim 20, wherein said received at least one signal is a  
6 television or radio signal, said method further comprising the step of detecting one or  
7 more control instructions in said received at least one signal.

*B1.*  
*CONC*  
*8*

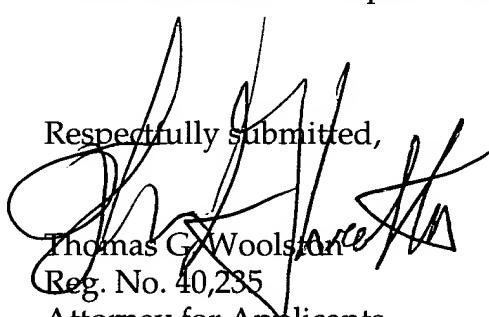

8           22. The method of claim 20, wherein said received at least one signal is a  
9 multichannel broadcast or cablecast signal, said method further comprising the steps of:  
10           selecting at least some part of said multichannel broadcast or cablecast signal in  
11 which to detect one or more control instructions; and  
12           transferring said selected at least some part of said multichannel broadcast or  
13 cablecast signal to a one of a control signal detector and a digital detector.

#### REMARKS

Applicants respectfully request consideration of the instant Supplemental Preliminary Amendment with respect to the above-described application.

The Commissioner is hereby authorized to charge any additional fees or credit any overpayment of fees in connection with this communication to Deposit Account No. 08-3038.
